SECUREMOTE™

SecuRemote **blends seamlessly into your lifestyle providing:**

- **SECURITY**
- **CONTROL**
- **CONVENIENCE**

What is SecuRemote?

SecuRemote technology allows you to operate and regulate access to a variety of products such as entry doors, garage doors, lighting and more. With SecuRemote, your smartphone becomes a management center for all your products with SecuRemote technology, putting convenience, control, and security in the palm of your hand.

SecuRemote Technology

- Smartphones replace physical keys
- Multi-functionality mode (mechanical, electronic or both)
- Visual feedback
- Operate multiple locks and garage doors
- Multiple features and benefits
- Long battery life*
- Not visible on door hardware

Described features, including SecuRemote technology, are protected under multiple patents pending. SecuRemote technology is proprietary to Belwith Products, LLC and its First Watch Security and Keeler divisions. For more information: www.firstwatchsecurity.com/securemotetotechnology

*Battery will last approximately one year under normal operating procedures. Battery life can be extended up to ten years using the "touch to wake up" mode on the SecuRemote App. A battery indicator and low battery alert are on the smartphone app.

3100 Broadway SW, Grandville, MI 49418
